

TWENTIETH YEAR No. 25

GLEICHEN, ALBERTA, WEDNESDAY, SEPTEMBER 8, 1926

SUBSCRIPTION 2.00 PER YEAR

A. C. SCRATCH HOLDS A SUCCESSFUL MEETING HERE

There were well on to one hundred people present last Wednesday night at the meeting held in the Gleichen Community hall to hear Mr. Scratch, the independent candidate nominated by the Conservatives, to contest the Bow River constituency. This attendance could be considered very good in view of the poor condition of the roads at that time.

Messrs. J. H. Woods, managing editor of the Calgary Herald, and Fred Sheehy, who is a Calgary lawyer well-known and quite popular throughout this district, were announced to be among the speakers that night, but owing to weather conditions postponed their visit to Gleichen to a date to be announced. Mr. Scratch proved the only speaker of the evening.

Mr. J. E. Ostrander, president of the Gleichen Conservative Association, occupied the chair and introduced the candidate.

Mr. Scratch proved quite an able and fearless speaker and was somewhat of a surprise to many who had read the little newspaper accounts of his meetings elsewhere.

He definitely proved himself an independent candidate and not a mere puppet of the Conservative convention which he declared he did not seek the support of and was not at all interested in desiring or attempting to obtain the U.F.A. nomination.

He also denied he had made the statement that he had been offered the Liberal nomination, although he did claim to have many friends who would support him. Furthermore, he denied that he ever stated that he was to "get Garland."

Mr. Scratch found much fault with the Liberals and their leader, and went so far as to say that in his opinion Mr. Meighen had an opportunity to carry out his promises concerning the natural resources, but had failed.

However, it was with Mr. Garland he found most fault, and spared him not.

He said he was among the first to join the U.F.A., which he did on the strength of the association's three leading principles—industrial, social and moral.

Mr. Garland, he claimed, had failed in all three of these principles. He said for this reason he was opposing Mr. Garland. He bitterly attacked him on the fact he had taken a \$100,000 on various questions, even before he was elected.

Mr. Scratch said it was a letter reading himself out of the party. He analyzed it in paragraphs and characterized each point as a "lie," which he numbered as he proceeded.

He also referred to a "lie" which he said was in the Strathmore Standard by Mr. Bert Hoffman, which he said was just another example of the action employed in favor of Mr. Garland, in giving him credit for things he had nothing whatever to do with. In the case Mr. Hoffman claimed tax relation on his hand a reason for sending Garland back to Ottawa, when the constituency desired the credit for the reduction.

He also had a complaint against the Strathmore Standard, which would take up with the editor.

He had been interested in the natural resources since 1905, and he placed the loss at present on Mr. Garland more than on the King government. He contended that if Mr. Garland had voted for Mr. Fred Davies motion it would have carried and the Natural Resources would have been brought into the House and Alberta would have got them.

He favored the Crown's Next Peak agreement but thought mountain freight rates were more important to Alberta as he believed in time

THE NAMAKA CONSERVATIVES HAVE ORGANIZED

The Conservatives of Namaka and district have made a final effort to organize 100 per cent just before election time and to give their full support in the coming contest. A very enthusiastic meeting was held with the good number of forty present, who nearly all signed up on behalf of the Conservative party. Under the presidency of S. J. Hodges the slate of officers was selected by the meeting as follows:

Honorary president: The Right Honorable Prime Minister Arthur Meighen.

Honorary vice-president: A. A. McGillivray, K.C.

President: S. J. Hodges.

Vice-president: H. T. Colquhoun.

Secretary: Mrs. H. T. Colquhoun.

Executive: W. Baker; A. W. McIntosh; J. Sharp; B. Anderson; A. Gibson and A. Spurgeon.

A. C. Scratch, candidate, was elected to speak in Namaka but owing to the one-mile rule could not fulfill the engagement. It is likely he will follow another meeting with regard to the outcome of this election.

S. J. Hodges, who is also on the slate of representatives of the Conservatives for this riding is in the city of the constituency and stated in the report for effort put forth in his part of the constituency and stated in the report for effort put forth in his part of the constituency and stated in the report for effort put forth in his part of the constituency.

QUEENSTOWN GROWS STEADILY

(Correspondent)

Don't lose no opportunity to boost your town.

The weather man is not exactly dealing things out to suit everybody.

Mr. Miller, of the Province of Ontario, is erecting a cottage on Fourth St.

A new road has been opened up from the Chumy trail direct into Queenstown.

Mr. Jennings is building an addition to his store to accommodate his hardware department.

Mr. Peterson, the new station agent seems to be the right man in the right place, and we are pleased to note that he intends to stay. He is contemplating erecting a cottage.

Queenstown grows steadily. No mushroom growth, but steady building along. There is considerable building and new roads have been built, but we want to see the railway extended to make connections with Calgary. Then and not till then will the full value of this locality be appreciated.

The Bank of Nova Scotia are opening a branch office here. They have offered office accommodation in the 2-entire block, opposite the C. P. R. station. This will apply a long time for this and the surrounding vicinity.

The Railway Commission have granted a crossing and this will make a more direct route for grain hauling and otherwise make greater conveniences for the travelling public to get into town.

The elevators were doing a rushing business before the recent rain. They had already taken in shipments of 40,000 bushels apiece were informed by one of the agents of the elevators.

The farmers are fortunate in having a lot of men at the elevators in Queenstown in which they can place confidence.

The Queenstown school board are erecting an addition to their present school building, which is a very creditable piece of work for the contractor, Mr. Reest. An additional wing on the north side, with a basement making it a model grade school, with all the modern improvements. It will be handed to completion soon as possible in order to open school at an early date.

The magna charter of the east in the matter of freight rates is in danger. What is left of the Crow's Nest rates. The statutory rates on grain and other going east, across many millions to the western farmers. Mr. Meighen has practically denounced the rate in the light of statutory law. He has said that the farmers are up against it. Cast your ballot for the man who is not party blind but who has the interests of the whole country at heart.

REAPER-THRESHER DOES GOOD WORK

One of the greatest revolutionary factors in the way of improved agricultural methods appeared in the Gleichen district in the form of a reaper-thresher. The reaper-thresher more commonly known as combine, in fact, is operating on the McHugh ranch. They are all Massey-Harris machines. The McHugh Bros. are certainly to be complimented upon their enterprising spirit in the field of improved harvesting methods and according to their own expression on the success of the machines, they are more than pleased with the results under some of the most unattractive conditions. On account of half inch heavy undergrowth of weeds some difficulty has been encountered with green weed heads but nevertheless the machines are clearing the field without waste and the grain is in a very satisfactory condition.

Donald McHugh upon being asked if he thought the grain would keep and not heat, stated:

"No, I think it will." "Certainly it will keep!"

The elimination of waste as compared with the ordinary way of harvesting is believed to be from two to three bushels per acre. The saving in the way of fuel and stocking wages as well as the lesser amount of work in threshing speaks for itself.

While the general opinion is that it will not be practical to harvest all the crops in this manner, the McHugh Bros. believe that every year out of the 4000 acres in crop they will be able to combine about half that acreage without any difficulty. They are well pleased with the step they have taken and are sure of its successful results as growing.

Often it is more important that the automobile driver thinks to stop than to stop to think.

Hyndman, Elmer Sanders and Melvin Brown.

Badge committee: Billy Taylor and Tom Johnston.

Religious and educational committee: Russ McHugh.

Corresponding committee: Hugh Bech.

Absentee committee, Hugh Hamer.

Ede were served and the meeting was closed with the Omnia Tribal Prayer.

All the boys should be on hand at the next meeting as a splendid stunt is being put on by some of the members.

RUSH ORDERS COMING IN FAST

36 rush orders for weeders since August 27th, and nearly all from districts that we have never solicited in whatsoever. Just the weeder selling themselves have forced us to put on more factor force than the rush season employed, making eight moulders and five assemblers, besides four tons of grey iron was made in Lethbridge and shipped to the factory. They are selling and nothing can stop them now, for they have proven to be the best weeder on earth.

Everyone is eagerly enquiring all about them and many are already waiting to place their order with me.

Hope that next spring there will be plenty on hand as I am sure there will be lots of demand for them in this neighborhood.

Sincerely,
C. C. BARRINGTON

G. S. MAVOR SPEAKS HERE Friday, Sept. 10

As we go to press word has been received that Mr. Geo. S. Mavor will speak in the Gleichen Community hall next Friday night, Sept. 10, at 8 p.m. in the interests of A. C. Scratch, the Independent-Conservative candidate for Bow River.

Mr. Mavor is well known in the Gleichen district and all will want to hear that gentleman, and if conditions are favorable a big crowd is expected to turn out to this meeting.

Other speakers will also be present and it is said Mr. Garland's friends will be there ready to make some statements.

Everybody come.

Nearly every commodity would be very the western rates.

He had the promise of Mr. Meighen that Alberta could go to Ontario coal, he thought, meant as much to this country as growing wheat and its development absolutely essential.

Not many money but cheap money has his motto for rural credits. He was not in favor of credit for species and rural purposes.

A limited old age pension he advocated.

The customs scandal was barely touched upon.

A conclusive opportunity to see the situation.

At the conclusion an opportunity to ask questions was given and Mr. J. C. Buckley was the only one to rise to the opportunity.

After singing the National Anthem, cheers were given for Meighen.

The elevators were doing a rushing business before the recent rain. They had already taken in shipments of 40,000 bushels apiece were informed by one of the agents of the elevators.

The farmers are fortunate in having a lot of men at the elevators in Queenstown in which they can place confidence.

The Queenstown school board are erecting an addition to their present school building, which is a very creditable piece of work for the contractor, Mr. Reest. An additional wing on the north side, with a basement making it a model grade school, with all the modern improvements. It will be handed to completion soon as possible in order to open school at an early date.

The magna charter of the east in the matter of freight rates is in danger. What is left of the Crow's Nest rates. The statutory rates on grain and other going east, across many millions to the western farmers. Mr. Meighen has practically denounced the rate in the light of statutory law. He has said that the farmers are up against it. Cast your ballot for the man who is not party blind but who has the interests of the whole country at heart.

THE TUCKERBATHUR

The Tuckerbathur class of the Gleichen Union held its first full weekly meeting in the Union Church on Friday, September 3rd.

The main part of the meeting was spent in the election and initiation of officers.

The following were elected:

Mentor, Miss A. Young.

Preter, Frank Pulet.

Deputy Preter, Elmer Bolinger.

Secretary, William H. Hume.

Comptroller, Gerald Yates.

Press reporter, Laurie Brown.

Social and refreshment committee: Clifford Bogie, Ian McLean and Campbell Brown.

Entertainment committee: Glen

Hyndman, Elmer Sanders and Melvin Brown.

Badge committee: Billy Taylor and Tom Johnston.

Religious and educational committee: Russ McHugh.

Corresponding committee: Hugh Bech.

Absentee committee, Hugh Hamer.

Ede were served and the meeting was closed with the Omnia Tribal Prayer.

All the boys should be on hand at the next meeting as a splendid stunt is being put on by some of the members.

Here and There

Vancouver—All passenger records for outgoing ships to the Orient from the Pacific Coast up to the middle of August were shattered when Canadian Pacific liner Empress of Russia sailed for Yokohama, August 19, with a passenger list of all classes of \$17 in addition to many members of the diplomatic and government services returning after vacations.

Dwan Bahadur Sir T. Vijayaraghachari arrived recently from London on Canadian Pacific liner Montcalm at Montreal, en route to Toronto. There he will open the National Exhibition at Toronto. The Knight with the lengthy name gets over the difficulty for Canadian lines by stating that it is quite proper to address him as "The Dwan." He may tour other Canadian cities on leaving Toronto.

Banff Springs—The last time I visited Banff was over 30 years ago and the trip this year has been a most wonderful revelation. I did Brigadier-General H. S. Birkett, of Montreal, who stayed at Banff Springs Hotel on his return from a trip to Alaska. This coincides with the opinion of Major Robert F. English, English novelist, who after a forty year absence from the West, took part in the last Trail Riders expedition early in August.

Calgary—This city had an exciting moment recently when the Most Honourable the Marquis of Salisbury, leader of the British Conservative party in the House of Lords was seen in Indian Chief of the Barones and given the name of "Eagle Wings." The ceremony was conducted with all solemnity. His Lordship kneeling on a blanket to receive the honor and being at the same time presented with a handsome headed buckskin vest and gloves.

Beating the train to the crossing is always a risk in favor of the train but when a motorist beats his car and waits until it is right at the moment alongside him before he tries to get over, then the risk becomes an absolute certainty against the motorist. This was the case recently in Toronto where a car was signalled to stop by the watchman at a crossing, obeyed the signal, and then decided he would still try and get over. Fortunately there were no injuries and the only sufferer was the automobile.

Pictures of Gertrude Ederle's swimming of the English Channel were sent aboard Canadian Pacific liner Empress of Scotland at the last minute at Southampton and then placed to a waterplane near Antwerp and by it delivered to the plane at Rimini, thus beating other pictures speeding to New York on ocean liners by a full twenty-four hours. This is regarded as one of the cleverest and speediest methods of reaching the continent from Great Britain that has ever been successfully accomplished.

Members of the Empire Parliamentary Association, meeting twenty-five delegates from the Parliaments of the United Kingdom and the Irish Free State arrived in Canada recently on board Canadian Pacific liner Empress of Scotland. They travelled across the Dominion from Quebec to Vancouver, stopping en route at Montreal, Ottawa, Toronto, Winnipeg and Vancouver. They sailed by S.S. Averara from Vancouver, August 25 for Sydney, Australia, where they will attend the Association Conference to be held in September and October.

It never hurts to say that you are in the Call.

GLEICHEN, ALBERTA, WEDNESDAY
GLEICHEN STORE WINDOWS ATTRACTIVE

The store windows of Gleichen have never appeared to better advantage than now. Show windows are an educational device textbook. They aid us in our daily work by keeping up to date, exhibiting the latest efforts of the designer, the manufacturers, the inventor, and all thrills of them, who move the world's cog-wheels. Gleichen's shop windows rank high in the pedagogical effort. They along with the advertisements in this paper show that Gleichen merchants have the goods. No need for residents of this district to go to the larger towns, or order from a catalogue, for the articles that they require. Anything you want or need is on display in the stores of your own town. Better take a look at them for comparison.

GIVE ENCOURAGEMENT

Give the young and struggling a word of encouragement when you can. You would not leave those plants in your window box without water and sun, would you? The shutters that the sunlight may fall upon them, but you would leave some human flower to suffer from want of appreciation or sunlight or encouragement. There are few hardy souls that can struggle along a stony soil—struggle that can wait for the dew and sunbams, vines that climb without kindly training—but only a few. Utter the kind word when you can see that it is deserved.

The "big head" is a popular way of expressing a common and very frequent ailment. It arises from various sources, but the real foundation is a lack of sense. A little money develops it in some people; a few good clothes gives it to others; a little office, where a chance is given to exercise a little authority, is often the cause of it, while others get it having a little better job than their associates. The truth is no sensible person gets the "big head." The one becomes stuck up and stiff-necked from sources of any kind, are weak in the intellectual caliber and usually think this is the trouble with the other fellow.

There is no reasonable excuse for any man to live in a town if he doesn't like it. If you have no word of commendation to say for your town's institutions or people, emigrate. You won't stop the town clock by going. The church bells will have the same musical ring, the little dogs will play just as well and the pure air, bright sunshine and sparkling water will have the same health-giving properties. Speak a good word for your neighbor, if you can; if you cannot, don't everlastingly enlarge on their faults. If you have become thoroughly disgruntled move away; go some where where things will suit you.

The men who do a town more harm than good may be classed as follows:

First, those who oppose improvement.
Second, those who run it down to strangers.
Third, those who never advertise their business.
Fourth, those who distrust public-spirited men.
Fifth, those who show no hospitality to anyone.
Sixth, those who hate to see others make money.
Seventh, those who oppose every movement that doesn't originate with themselves.

Eighth, those who put on long faces when a stranger speaks of locating in town.

Ninth, those who oppose every public enterprise, which does not appear of personal benefit to themselves.

Tenth, those who are the only persons who do not do the things that are being done in the town.

Eleventh, those who are the only persons who do not do the things that are being done in the town.

Twelfth, those who are the only persons who do not do the things that are being done in the town.

Thirteenth, those who are the only persons who do not do the things that are being done in the town.

Fourteenth, those who are the only persons who do not do the things that are being done in the town.

Fifteenth, those who are the only persons who do not do the things that are being done in the town.

Sixteenth, those who are the only persons who do not do the things that are being done in the town.

Seventeenth, those who are the only persons who do not do the things that are being done in the town.

Eighteenth, those who are the only persons who do not do the things that are being done in the town.

Nineteenth, those who are the only persons who do not do the things that are being done in the town.

Twentieth, those who are the only persons who do not do the things that are being done in the town.

Ford Truck Does Work Of Six Teams

When one man with a Ford Truck can haul as much grain to market each day, as six men with six teams, it is not difficult to figure out an enormous saving per bushel in marketing costs.

The average gasoline consumption, according to Mr. Henry, is a gallon to fourteen miles over heavy roads.

Farmers who have experienced this speedy marketing with Ford trucks would never consider going back to the slower teams which tie up labour for many hours on the road.

This is the experience of Simon Henry of Edwin, Manitoba, who says "I believe the Ford truck to be one of the best pieces of farm equipment I have on the place, and the proper method of getting grain to the elevator."

A full box of wheat averages from 80 to 85 bushels. The round trip average

We will gladly prove to your satisfaction that the use of Ford equipment will save you time and money.

The Vision of Wealth

FEW men are entirely free from the pleasant but indefinite vision of some day "making it rich". Those who trusting their future to this vague illusion, spend all and save nothing, can never hope for independence. All fortunes are not gained by thrift alone, but the habit of systematic saving will bring you far along the road to prosperity.

Miss Porter and Mr. Hewitt, of Regina, Sask., are at present visiting the former's sister, Mrs. F. M. R. Gilbey, Old Sun School, Gleichen.
The United Church ladies will meet at the home of Mrs. Mohs, on Thursday afternoon, September the 9th at 8 o'clock.
Saturday morning Gordon Bogie fell off a dry and was hurt badly, but of his arm just 3 1/2 in. the wrist 1 1/2. Paraphrase attended him and he is getting along nicely.

On Thursday, September 9th, the Ramsey Mercantile Ltd. will have an unusual display of new fall millinery. These are not shipments that have been shown in every store in Alberta, but direct from the Toronto millinery warehouses to our store, and our customers can look on the display as being right up to date. The ladies are advised to keep the date in mind—Thursday, Sept. 9th.
The dance on Friday evening held under the auspices of the hockey boys in the Gleichen Community Hall, was a decided success. The crowd was much larger than expected, on account of the bad roads, and the music was real good supplied by Lewis orchestra. The lunch supplied by the ladies was a real treat, and the boys say they will carry around \$50 which will put the rink in first class shape for the coming winter.

ST. ANDREW'S CHURCH

Sunday Sept. 12th, 1926.
Fifteenth Sunday after Trinity.
Sunday School 11 a.m.
Evening prayer 7:30 p.m.
Rev. C. R. Daniels, incumbent.

The Ladies Auxiliary of St. Andrew's Church will meet at the home of Mrs. Eggle, on Thursday afternoon at 5 o'clock.

The Rev. F. M. Ross Gilbey and Rev. C. R. Daniels attended the meeting of the Rural Deacons of Calgary, which was held there this week.

The Sunday School teachers appreciate very much the way the scholars turned out last Sunday in such numbers. Mr. Daniels gave a nice talk to the children, which they and the teachers very much enjoyed and in the evening at Gleichen.

THE UNITED CHURCH

We will appreciate your business.

A. O. VARNER, Manager,

CROWN LUMBER CO.

GLEICHEN ————— ALBERTA

LITTLE GIANT

with a brilliant Broadway
Cast including Edna Murphy
and Davis Higgins.

ONCE THERE WAS A GO-GETTER. He told the world in words of one syllable and that one syllable was "I". He was a Big No-be in any company—the great "I am". He was quick to everything and everything was equal to "I". He was good. He said so himself. Then he met his Big Problem face to face. But what happened after that with Glenn Hunter in the role makes a joyous, hilarious satire that will start you off on a laughing jag not unmix'd with sympathetic tears. Of course there is a thrilling light and some really poignant love scenes.

NEXT SATURDAY NIGHT at 8:30 P.M.

COMMUNITY HALL, GLEICHEN.

For Economical Transportation

Value Means More, than Price Alone!

THE price of a car is what you pay—the value is what you get. Value is the combination of quality and price.

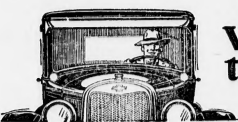

Notwithstanding the recent reduction in Chevrolet prices, Chevrolet does not in its class. It does it—and is justly considered—the greatest value in its class.

The smooth Chevrolet is outstanding value, not only because it costs you less—but because it gives you more—more smoothness of performance—more power and speed—more instant acceleration—more striking beauty of line and finish—more economy of operation—more completeness of appointments.

To pay less than the price of the smooth Chevrolet is to sacrifice quality. To pay more for a car in the Chevrolet class, is needless extravagance.

The smoothest Chevrolet in Chevrolet history is selling at the Lowest Price which Chevrolet has ever been sold in Canada.

Ask your Chevrolet dealer about the GMAC Plan of buying a car on time.
Roadster \$640 Coupe — \$810
Sport 715 Cash — \$920
Touring 640 Sedan — \$920
Sport 715 London Sedan 920
Commercial Cars — 495
Utility Express — 720
